Product Retirement Notice – Intelli-FIELD "Wet-End" Hardware

Intelli-FIELD
"Wet-End"
Hardware
Product
Retirement

Senstar herein informs its valued customers, dealers, and representatives of the planned retirement of all "wet-end" hardware components for the Intelli-FIELD electrostatic intrusion detection system.

Per Senstar Product Bulletin 2011PB002A published 04-March-2011, production of Intelli-FIELD processors has been discontinued and repair services are provided on a best-effort basis. Due to the age of the Intelli-FIELD system and the availability of a newer-generation system in the Senstar XField system, Senstar is now announcing the following Product Retirement milestones for the Intelli-FIELD "wet-end" hardware components:

Date	Milestone
04-May-2015	Product Retirement Notice issued (this bulletin), affected products are still available for new sales
31-July-2015	Complete end of life - products no longer available for new sales, no repair services are applicable

See Table 1 below for a detailed list of affected part numbers.

Product Migration

Customers with existing Intelli-FIELD installations may wish to consider upgrading to Senstar's newest electrostatic sensor, XField. See www.senstar.com for further information regarding XField.

For further information

Please direct inquiries or requests for quotation to your local Senstar representative – see www.senstar.com for contact information.

Stewart Dewar, Product Manager

Senstar Corporation

telli-FIELD "Wet-End" Hardware Part Numbers Affected by this Retirement Notice
Description
Single zone isolation transformer (sense filter) assembly in steel NEMA 4 enclosure.
Single zone isolation transformer (sense filter) assembly in stainless steel enclosure.
Zone terminator, top or bottom wire.
Loop Back Cable for unused zone.
Crimp Tool for RG-58 Amphenol RFX series connectors
Crimp tool for RG-174 Amphenol RFX series connectors.
RG-174 crimp on connectors requires 12 connectors per zone.
RG-174 coaxial cable with PVC jacket, 500' roll (for retrofit sites of limited conduit size).
RG-58 crimp on connector, requires 12 connectors per zone
RG-58 coaxial cable with PVC jacket, 500' roll
Intelli-FIELD - Insulator Kits
Insulator Kits - Regular
Start point and tension point, regular insulator kit
End point, regular insulator kit
Horizontal corner point, regular insulator kit
Interim point, regular insulator kit
Vertical corner point, regular insulator kit
Insulator Kits - Powder-Coated (for harsh environments)
Start point and tension point, powder-coated insulator kit.
End point, powder-coated insulator kit.
Horizontal corner point, powder-coated insulator kit.
Interim point, powder-coated insulator kit.
Vertical corner point, powder-coated insulator kit.
Intelli-FIELD - Spare Hardware
Standard Bracket

Table 1 – Intelli-FIELD "Wet-End" Hardware Part Numbers Affected by this Retirement Notice	
Part Number	Description
12714	90 degree bracket, 60 cm (20 in) standoff
12715	45 degree bracket, 60 cm (20 in.) effective standoff, used as the top bracket
12861	90 degree bracket, 22 cm (9 in) standoff, for bottom wire inset
00687-01	Mounting bracket for free-standing adjacent zone insulator installation
00688-01	Mounting bracket for adjacent zone insulator installation on standoffs
12844	Bracket for 4-wire vertical wall mount configuration
	Specialty Brackets
12864	45 degree bracket, 22 cm (9 in.) effective standoff, used as the top bracket, for mounting directly to walls
12860	45 degree rotated straight bracket for mounting directly to walls, 22 cm (9 in) standoff
8154	Corner point bracket extender
C7AD0201	3-Wire Wall-Topper 45 degree Mounting Bracket
	Bracket Mounting Hardware For Fences
00684-01	Single Bracket Mounting Hardware Kit for Fabric on Opposite Side
00685-01	Single Bracket Mounting Hardware Kit for Fabric on Same Side
	Spares
10455	Spring, high tension
10450-2	Clamp, 2 inch pipe, nominal
H0838	Clamp, 3 inch pipe, nominal (supplied in all Free-Standing Hardware Kits)
H0839	Clamp, 4 inch pipe, nominal
H0915	UV-resistant cable ties, bag of 100
00668	Plastic insert for interim insulator
12705	Connecting Link
80076-01	Winder
C7MD0600	Connecting Bar for Vertical Corner Point and vertical wall mount
C7AD0300	Plastic Insert for Horizontal Corner Point Insulator
H0905	Pulley for Vertical Corner Point Insulator

Description Shackle for Vertical Corner Point Insulator
Shookla for Vartical Corner Point Insulator
Shackie for vertical Collict Pollit Hisulator
AI-5 Insulator
EMI Shield
Journeyman's Installation Spares kit
RTV sealant, non-corrosive, 3 oz. tube
RTV sealant, non-corrosive, 10 oz. tube
Splice Enclosure
