

# Free VMS license with Access Control purchase

Buy 4 Senstar Symphony AC  
licenses, and get a VMS  
license\* at no additional cost

Secure your building with the industry's most trusted brand of access control hardware from HID, all managed from Senstar Symphony AC.

Then, add additional capabilities with Senstar Symphony VMS:

- Manage access control and video from one platform
- Trigger rules, camera call-ups and alarms
- Link alarms to map locations and video streams
- Avoid integration and support issues

\* Maximum of 8 free VMS licenses per end-user account. Purchase of AC licenses must include maintenance and support (M&S) package for 1 year. This promotion is valid until March 31, 2021. Contact your Senstar representative for more information.
